

CALL FOR PAPERS
HISTORY OF EDUCATION SOCIETY, 2011 ANNUAL MEETING, CHICAGO
November 3-6

The Program Committee invites proposals on all topics relevant to the history of education in any time period or nation. The Committee defines “education” broadly, to include all institutions of socialization—mass media, voluntary organizations, and so on—as well as schools and universities. Proposals may be submitted for an individual paper, a complete paper session, or a panel discussion. A proposal for an individual paper spells out the paper’s focus and rationale; if accepted, this paper and others related to it will be combined into a paper session. A proposal for a complete paper session provides a prospectus for a coherent collection of three or four papers, including a title for the session, a title for each paper, names of all authors, a chair, and a discussant. A panel discussion is a session in which a group of qualified panelists discusses an important issue in the field, where the panelists are not presenting papers. **Please include the affiliations and email addresses of all participants.**

Proposals are due on or before February 15, 2011 (no later than 9:00 p.m., Pacific time).

Your proposal should either be a two-page proposal, single-spaced, describing an individual paper (references may be in addition to the two pages), or a four-page proposal, single-spaced, describing a complete paper session or panel discussion (again, references may be in addition to the four pages). Each presenter must submit a one-page summary of her or his curriculum vitae. The proposal should include the following elements: the topic, the theme, and an overview of the study or discussion; the findings or conclusions; the significance and how the work relates to other scholarship in the field; and the sources. Please do not exceed the page limits.

To submit a proposal, you will have to go to our proposal submission website. **<https://cmt.research.microsoft.com/HES2011>**

You will be asked to create an account. The simple prompts will then guide you in entering your proposal information, uploading your proposal, and providing some additional information. **Please eliminate any identifying information from your proposal before uploading it.**

The History of Education Society requires all presenters at the 2011 conference to be members of the society. Invitations for membership will be sent to all authors of accepted proposals along with details about the conference. **This year the society is offering a one-day registration fee of \$25.**
